

OIT Graduating Student Employees

Graduating Students

Student: Riya Patel – BS in Computer Science - concentration in Devices & Media.

Department: OIT Web Hosting Team

Service: She's been with our team since Fall 2022 and has been an amazing help wrangling our ticket queue; she helps keep our customer-focused processes running and has even dug in to help with some pretty tricky application hosting troubleshooting on her own. She's honestly outstanding in technical and communication skills, and we're very happy to hear she's already got a full-time offer after graduation (even if it means she's leaving Ga Tech!).

Post-Graduate Plans: Software Analyst with Manhattan Associates

Student: Christopher Fitzpatrick – Computer Science Major

Department: OIT ResNet

Service: He's worked with the ResNet team for 11 months While becoming quickly acclimated to handling IT support issues on behalf of OIT and HRL, he has also been a member of the Ga Tech band where he plays the trumpet and even served as section leader for two years!

Post-Graduate Plans: MS in Electrical and Computer Engineering at Tech

Graduating Students

Student: Alan Tao – B.S. Computer Science

Department: PACE

Service: Alan worked with Pace this Spring (2024), and despite his short tenure, Alan has contributed extensively to an ongoing project in partnership with the Aerospace Systems Design Lab and NVIDIA to create a data center digital twin. He has played a key role in defining the technical design specifications, engaged NVIDIA engineers for existing solutions and best practices in implementing them, and led other students through knowledge transfer of the environment build procedures and architecture.

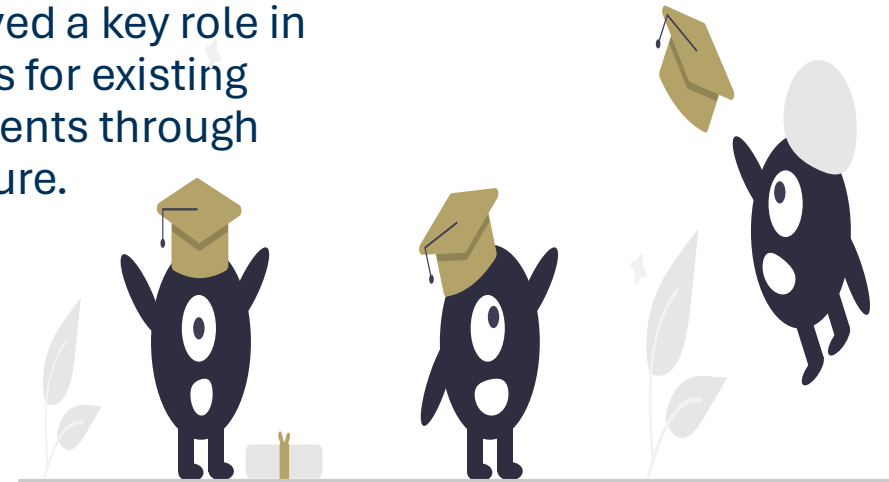

Post-Graduate Plans: MS In Computer Science at Tech

Student: Pawan Yerramilli - B.S. Computer Science

Department: Network Engineering

Service: Pawan has worked with the Network team since Fall 2023 and created tools that made our workflow more efficient and automated. We were also able to leverage Pawan in configuration and implementation of access points and switches on campus. He was a great help to our efforts.

Post-Graduate Plans: Seeking full-time employment opportunities

Graduating Students

Student: Jamie Kim– B.S. Computer Science

Department: OIT Student Internship Program – Web Development

Service: Jamie joined the internship program in the Fall of 2022, and during phase 2, she worked with David Lacy in Web Development. During her time in Web Develop, she made valuable contributions, particularly in managing and migrating WordPress sites, including the Georgia Tech Academic Advisors Network. Her dedication and expertise have been greatly appreciated. We are confident Jamie will continue to excel in her career and wish her the best in all her future endeavors.

Post-Graduate Plans: Software Engineer at Walmart Global Technology

Student: Marsalis Batts – Literature, Media and Communication

Department: IT Service Delivery

Service: Marsalis has been an integral part of OIT since January 2023, playing a pivotal role in creating essential training materials crucial for Georgia Tech's adoption of cutting-edge tools like Microsoft Copilot. His dedication has significantly advanced our efforts in integrating Microsoft Copilot and enhancing Microsoft 365 applications.

Post-Graduate Plans: Seeking full-time employment opportunities

CTS Graduating Students

Student: Summer Sneed – Computer Science

Service: Summer Worked with CTS for 2 years and led the student assistants in the day-to-day operations at the Print Student for the past year.

Post-Graduate Plans: Software Engineer at Wells Fargo

The Print Studio is open 7 days a week/12 hours a day, and all below graduates worked hard to provide both large format and standard printing service to all campus. Since the August opening of the Fall Semester, Print Studio has printed over 9,000 posters for students, faculty, and staff and is still printing.

Student: Andrew Orr – Aerospace Engineering

Service: 2 years

Post-Graduate Plans: Engineer at United Airlines

Student: Suyoung Yun – Biomedical Engineering

Service: 1 year

Post-Graduate Plans: Dentistry School at the University of Pennsylvania

CTS Graduating Students

Student: Suhyun Yun – Industrial Engineering

Service: 2 years

Post-Graduate Plans: Microsoft

Student: Hannah Fralick – Industrial Design

Service: 3 years

Post-Graduate Plans: GlucoSense

Student: Prince Fodeke– Computer Science

Service: 1 year

Post-Graduate Plans:

Student: Zahmari Johnson– Computer Science

Service: 1 year

Post-Graduate Plans: Coca-Cola

Student: Sieun Kim– Computer Science

Service: 3 years

Post-Graduate Plans:
