Using the Planning Console

Quick Reference Guide

Accessing the Planning Console

The **Planning Console** gives Project Managers a comprehensive view of all aspects of a project including subprojects, tasks and the Gantt chart.

Access the **Planning Console** by:

- 1. Clicking the Planning Console related link from the main page of the project.
- 2. Going to the Project Workspace, clicking into a project, then clicking the Planning tab

If you've never used the Planning Console before, a popup will display, asking if you wish to take a tour of the features of the console. Click the "X" if you do not wish to take the tour.

Planning Console Toolbar

Configure the Planning Console

Add or Remove columns from the **Planning Console** view by clicking the gear icon in the upper left corner of the page.
