

PMO Dashboard

Quick Reference Guide

PMO Dashboard

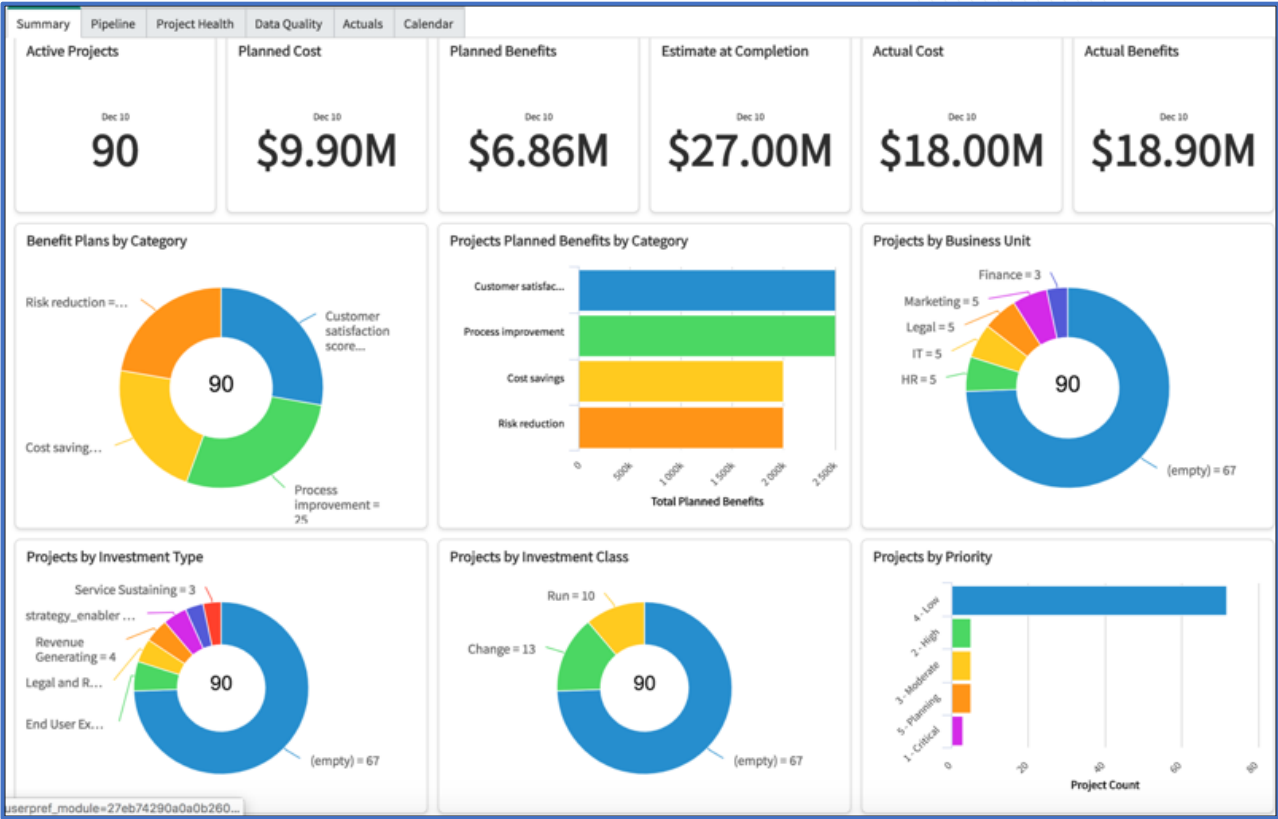

The PMO Dashboard provides comprehensive reports to the portfolio and program managers. The dashboard uses Performance Analytics to provide a trend of historical data as well as regular reports. It gives an overview of your investments, provides a pipeline view of upcoming intake and a calendar view of upcoming dates.

The PMO Dashboard can be found in the **Dashboards** module under Self-Service.

PMO Dashboard

The PMO Dashboard contains several tabs containing widgets and reports that display project status and health, Idea and Demand progress, actuals at the investment level, as well as a Data Quality snapshot that can be used to ensure the data in the system is as accurate as possible by highlight areas of concern/ potential training opportunities.

Note that the widgets and charts on the dashboard are dynamic and change based on the portfolio, program, etc. you choose in the dropdown at the top of the page.
