## CAR – An examination of all 28 schools

*“Higher education has undergone fundamental changes in who enrolls and why, how instruction is delivered, and how it is paid for. We must ask ourselves: Are we positioned to meet the challenges of today, and are we preparing for those of tomorrow?”*

*The time is right for the University System to look in the mirror. **A comprehensive examination of how the System and the institutions are administered** in light of the new realities in higher education will help ensure we are fulfilling our mission today and tomorrow.”*

*– Chancellor Steve Wrigley*
